WINNING THE FUTURE THROUGH INNOVATION

EFFICIENCY

At Domus we know how important efficiency is and we are very aware of commitment to the environment. That is why we have developed a new range of state-of-the-art products with low consumption and great energy savings.

Water

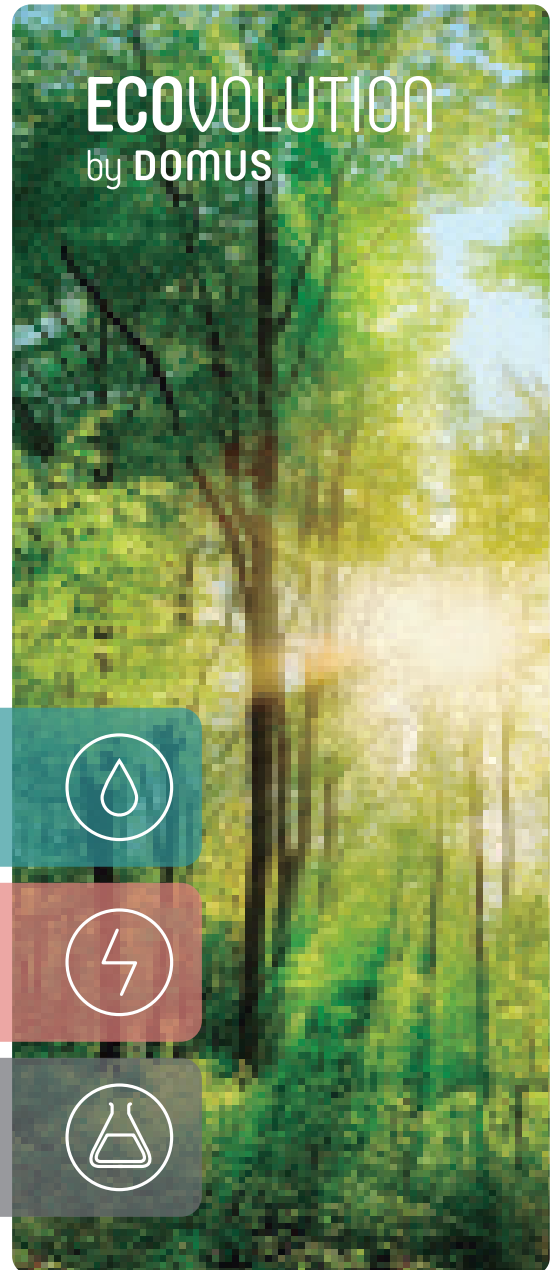

Saving and making good use of water is one of our objectives, we do not allow ourselves to waste it. We offer washing machines with an optimized desing and programming as well as a unique accessory, the **ECOTANK**: water recovery tanks.

Energy

Energy optimization is key in a laundry. With this objectives, our machines have been designed for greater energy saving.

Chemicals

We design our washers with features that facilitate and ensure the most accurate use of chemicals.

CONNECTIVITY

Telemetry and hygiene.

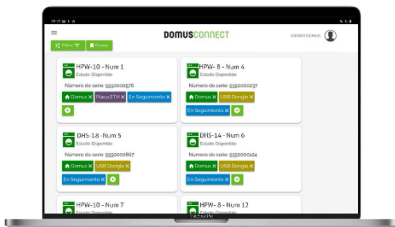

Remote control of the machines and the business, with productivity reports, consumption, telemetry, remote technical service, etc.

DOMUSCONNECT

Standard and free connectivity
