WINNING THE FUTURE THROUGH INNOVATION

# EFFICIENCY

We know how important efficiency is and we are very aware of our commitment to the environment, which is why we have developed a new range of state-of-the-art products with low energy consumption and great energy savings.

## Water

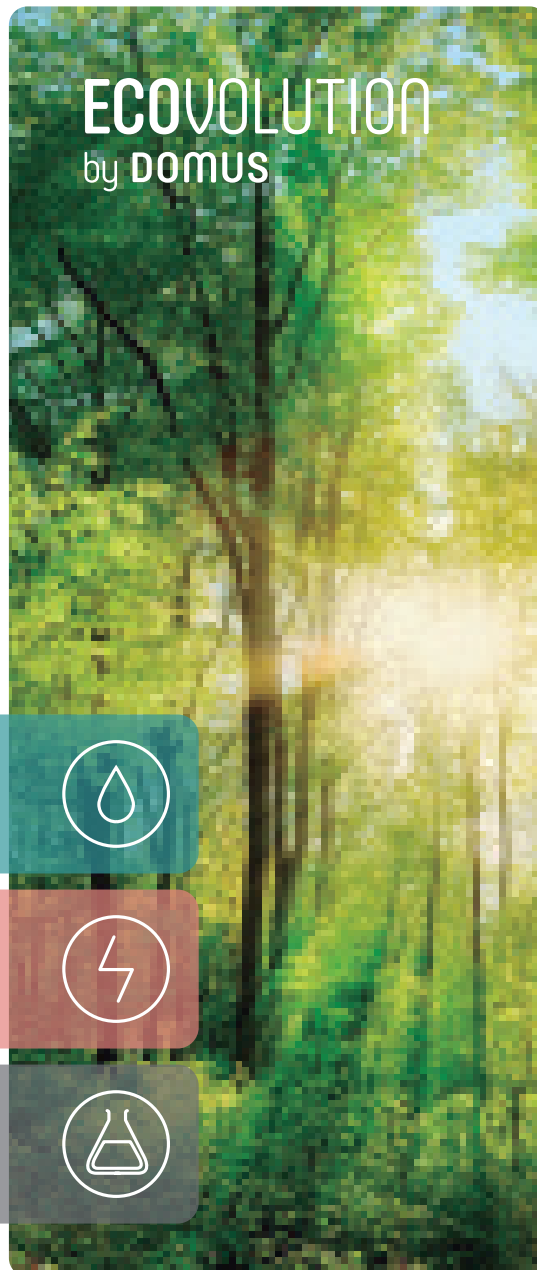

Saving and making good use of water is one of our objectives, we do not allow ourselves to waste it. We offer washing machines with an optimized design and programming as well as a unique accessory, the **ECOTANK**: water recovery tanks.

## Energy

Energy optimization is key in a laundry. With this objective, our machines have been designed for greater energy savings.

## Chemicals

We design our washers with features that facilitate and ensure the most accurate use of chemicals.
