

WINNING THE FUTURE THROUGH INNOVATION

DOMUS LAUNDRY KIOSK

Contactless central pay

2025

A new era in payment management.

At DOMUS, we believe in constant evolution. With the DOMUS LAUNDRY KIOSK, we take your self-service laundry experience to the next level.

Designed to be intuitive, elegant and highly functional, this innovative payment system makes financial management simpler and more efficient for both you and your customers.

32"

**Maximises visibility
and ease of use**

- ✓ 32" touch screen with integrated printer option.
- ✓ Large screen, ideal for displaying payment options, reservations and promotions clearly and drawing attention to your business.
- ✓ Connection: Ethernet or pulse (option).

12"

**Compact and
versatile**

- ✓ 12" touch screen without integrated printer.
- ✓ Its compact size is perfect for small or walk-through locations.
- ✓ Connection: Ethernet or pulse (option).
- ✓ Can be added as an option in Clean&Move modules.

What is the DOMUS LAUNDRY KIOSK?

The DOMUS LAUNDRY KIOSK is the new and revolutionary contactless payment centre designed to optimise the financial management of your self-service laundry and facilitate payments to your customers.

With an elegant, modern design and touch screens in two sizes, it allows the selection of machines, programmes and payments by contactless reader as well as a more comfortable and secure management of your income.

KEY ADVANTAGES

With the new Domus contactless payment centre, you not only modernise and digitise your laundry, but also optimise payment management and improve your customers' experience.

This innovative system allows you to offer a more convenient, secure and efficient service, increasing customer loyalty. Main advantages:

Easy to install

Connect it to the internet via Ethernet and set it up in minutes.

Highly compatible

Link it to TOUCH II machines, M control machines or other equipment.

Secure and simple

No coins or cash. Everything is digital and secure.

Full remote control

Manage your machines and revenue via DOMUSCONNECT.

Contactless payments

Accept card, mobile, or smart device payments (NFC).

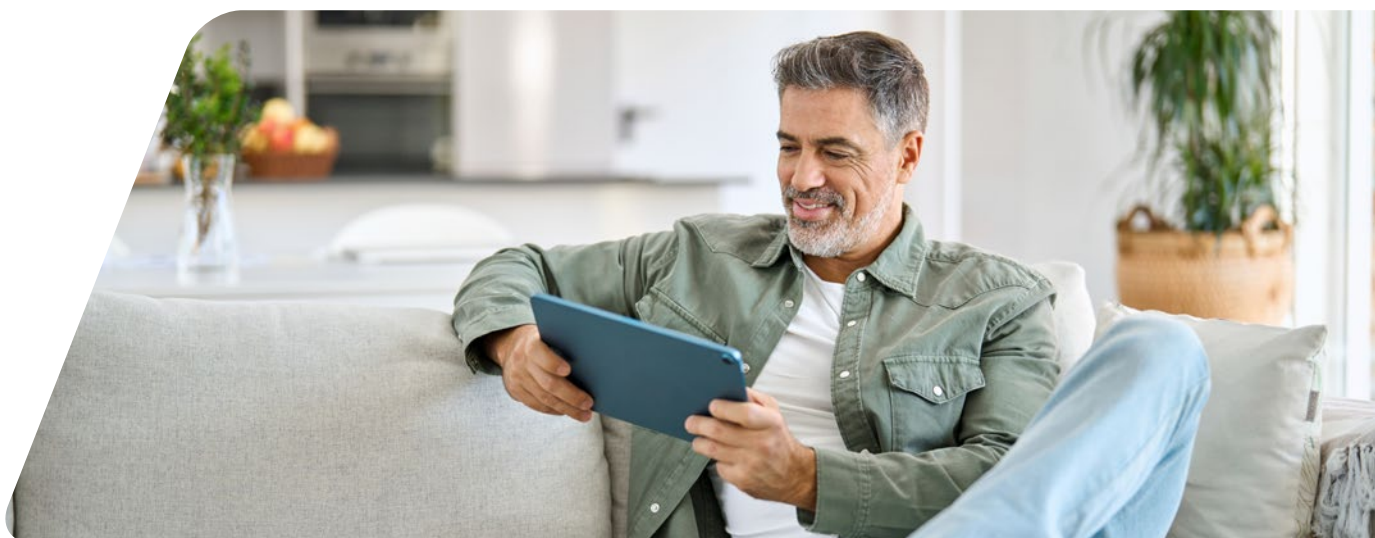

Minimal fees

Save on every transaction with a new payment gateway.

User-friendly

Boost customer loyalty with easy selection and payment processes.

EASY TO INSTALL

DOMUS LAUNDRY KIOSK will be able to manage all machines with TOUCH II, M control or other equipment via Ethernet or pulse connection.

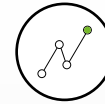

The connection types can be combined with each other:

Ethernet (TOUCH II): thanks to the standard Ethernet connectivity on all machines with TOUCH II, you can easily connect your machines.

- Very easy to connect and link.
- No extras or additional wiring.*
- Quick and easy.
- You can connect as many machines as you want.

*Machines must be connected to the IoT via an Ethernet cable.

Pulses (option): by means of a pulse card and wiring, you can add other machines without TOUCH II and other equipment or services.

- Very versatile.
- Requires pulse card (option) and additional wiring between the kiosk and each machine.
- A maximum of 8 machines can be connected per KIOSK.

Easy access to components

Designed to facilitate technical work from both the back and front.**

**It is recommended to leave at least 25 cm to the left to allow front access. The 12" model has rear access only.

Wall or foot mounting

Ready for wall or tripod mounting (not included).

HIGHLY COMPATIBLE

Use it in your laundry, with as many machines as you want, or add it to a Clean&Move module.

Wide compatibility of machines

Add, remove, edit tumble dryers and washing machines with TOUCH II, M control, ozone equipment, coffee machines or equipment from other manufacturers.

From DOMUSCONNECT, you can register new equipment within the washing, drying, disinfection (ozone cabinets) or other equipment.

Available in multiple languages

Compatible with a wide range of languages.

Integration with Clean&Move

Compatible for installation in Clean&Move mobile laundry modules (option).

SECURE AND SIMPLE

Automatic and free Kiosk updates

Always enjoy the latest version, free of charge and remotely.

Digital payments

Avoid the risks of having machines with cash, with secure, digital payments from the DOMUS LAUNDRY KIOSK.

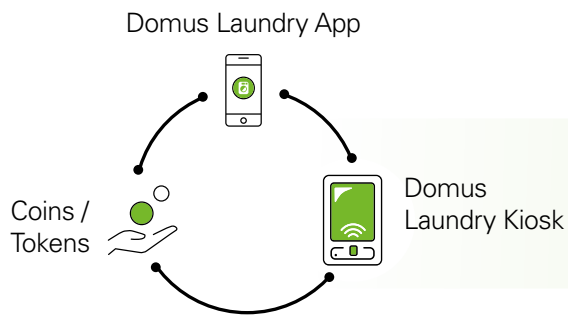

CONTACTLESS PAYMENTS

Your most efficient business connected and at your disposal 24/7.

Compatible with other payment systems

It can coexist with other payment methods you have in your laundry: coins / tokens or the DOMUS LAUNDRY payment App.

Payment gateway

Save on every transaction with the new payment gateway.

- No start-up fees.
- Low commissions.
- No annual license fees.
- Daily, weekly or monthly settlements.

Contactless payments

Allows payments by card, mobile or smart devices (NFC).

Facilitates payments to your customers

Thanks to its visual, intuitive menus, improving loyalty.

Digital or printed tickets

Emission of digital tickets (12 and 32') or with printer (32' only as an option).

USER-FRIENDLY

The large touch screen and intuitive interface make the whole process quick and easy. With just a few touches, the customer can select the machine or service, choose the programme and pay, all within seconds.

1. Select the language.
2. Choose a service: washing, drying, or any other available option.
3. Pick a machine.
4. Select a programme.
5. Pay by card or contactless mobile.
6. Load the laundry and press 'START' on the selected machine.

FULL REMOTE CONTROL

A world of benefits with full DOMUSCONNECT integration.

The DOMUS LAUNDRY KIOSK adapts to the needs of your laundry, making life easier for both you and your customers. In addition to enhancing security and user experience, you'll be able to manage and monitor your payment hub and revenue directly from the free DOMUSCONNECT platform, under the "Machines" menu.

As an owner, you can:

Manage your KIOSK: register and list all your payment hubs across your laundry or Clean&Move module.

Centralise your finances: track all transactions in real time from one place. Handle payments, refunds, and view performance graphs and analytics.

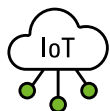

Create personalised promotions: display exclusive offers on the kiosk screen to boost usage and customer loyalty.

You can manage your entire business remotely, including both machines and kiosks.

Benefit from continuous free updates and new features designed to help your laundry grow and evolve.

DOMUSCONNECT

ANYTIME, ANYWHERE

Revenue under control – wherever you are

Keep your self-service laundry income fully under control with key insights through detailed graphs and reports from your kiosk and other payment systems:

- ✓ **Aggregated view:** see revenue for each machine across any chosen date range.
- ✓ **Time-based trends:** track how revenue changes over time.
- ✓ **By payment method:** analyse income by payment channel.
 - DOMUS LAUNDRY KIOSK.
 - DOMUS LAUNDRY App.
 - Coins / Tokens.

Designed for different user profiles

The DOMUSCONNECT platform is flexible and adapts to different types of users, offering the right tools for each one.

Owner.

Full remote control of your laundry: manage machines, payments, promotions, and reports all from one platform.

Technical service.

Support staff can work faster and more efficiently, with remote diagnostics, updates and troubleshooting – no need for on-site visits.

Chemical suppliers.

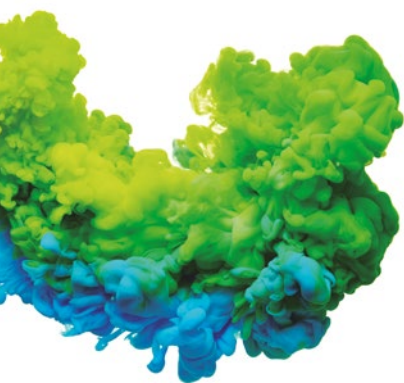

Easily create, adjust, and send washing programmes online, with full dosing control and access to detailed performance data.

Customer.

Offer your customers an easy, fast and secure way to pay, with access to promotions that improve their experience and loyalty.
